KACOR Realty

Attn: Mr. Stanley Fujimoto

Gentlemen:

Thank you for your letter of June 18, 1981, informing us that Wells #1840-06 and 1740-03 are no longer in use.

Our staff may contact you for a field check of the wells or if we need further information.

We appreciate your prompt response in this matter.

Very truly yours,

ROBERT T. CHUCK
Manager-Chief Engineer
Telephone conversation with Mr. Stanley Fujimoto of KACOR Realty:

Mr. Fujimoto said that the wells are probably located in the golf course area but that nobody knows exactly where they are. Apparently whatever development covered the area occurred between 1971-1973 and that the people who were around then are no longer under their employment. However, he is sure that the wells are no longer being used.

Gentlemen:

On February 27, 1981, the Board of Land and Natural Resources designated the Honolulu and Waialua Districts as the Honolulu Ground Water Control Area and the Waialua Ground Water Control Area. By this action, the Department of Land and Natural Resources is now responsible for regulating all uses of ground water in these areas.

If you are currently using ground water from any well or spring source, you are required to declare such water use to the Department of Land and Natural Resources if you wish to continue your present use. Specifically, you must fill out, sign, and return the enclosed Declaration of Existing Water Withdrawal and Use form to the Department by June 4, 1981, in accordance with Regulation 9 of the Department of Land and Natural Resources.

According to our records, you have ___ well(s) located on your property (Tax Map Key ____________). Please complete the enclosed form and return it as soon as possible to: Department of Land and Natural Resources, P.O. Box 373, Honolulu, Hawaii 96809.

If you have any questions or need help in filling out the form, please call the Division of Water and Land Development at [phone number]. Thank you for your cooperation.

Very truly yours,

SUSUMU ONO
Chairman of the Board
