FIELD MEMORANDUM

WELL(S) NO. 2201-11 ___________________________ DATE July 24, 1981

LOCATION  Weipahu, Oahu

SUBJECT  Field check of well

PRESENT  Mr. and Mrs. Hideo Asato; NI, PS, and KL-DOWALD

FIELD NOTES  Well is used for household and irrigation as no BWS water is available. Well is natural flow, except when the sugar plantation begins their irrigation, then water must be pumped due to low pressure. (Sugar cane fields are located across the dirt road from their house.) Occasionally someone comes out to check the water but which agency and frequency of visits is unknown. No problems encountered with the well.
